PROFILE

I am a software engineering student in Higher Institute of Applied Science and Technology of Sousse, and i am a member/volunteer in certain clubs in the university. I'm truly passionate about software development since i was in high school. This passion carried me through my education at the university to develop myself and gain a more knowledge in this field. I have completed certain courses in web development on the platform udemy and i'm always motivated to get more knowledge some new technologies.
